

## Chemical Safety Data Sheet MSDS / SDS

## OXAZEPAM

Revision Date:2026-03-20 Revision Number:1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

## Product identifier

Product name : OXAZEPAM  
CBnumber : CB6444321  
CAS : 604-75-1  
EINECS Number : 210-076-9  
Synonyms : Oxazepine

## Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses : For R&D use only. Not for medicinal, household or other use.  
Uses advised against : none

## Company Identification

Company : Chemicalbook  
Address : Building 1, Huihuang International, Shangdi 10th Street, Haidian District, Beijing  
Telephone : 010-86108875

## SECTION 2: Hazards identification

## GHS Label elements, including precautionary statements

Symbol(GHS)

Signal word

Warning

## Precautionary statements

P202 Do not handle until all safety precautions have been read and understood.  
P261 Avoid breathing dust/fume/gas/mist/vapours/spray.  
P271 Use only outdoors or in a well-ventilated area.  
P280 Wear protective gloves/protective clothing/eye protection/face protection.  
P308+P313 IF exposed or concerned: Get medical advice/attention.

## Hazard statements

H336 May cause drowsiness or dizziness  
H351 Suspected of causing cancer

## SECTION 3: Composition/information on ingredients

## Substance

|              |                                                                   |
|--------------|-------------------------------------------------------------------|
| Product name | : OXAZEPAM                                                        |
| Synonyms     | : Oxazepine                                                       |
| CAS          | : 604-75-1                                                        |
| EC number    | : 210-076-9                                                       |
| MF           | : C <sub>15</sub> H <sub>11</sub> ClN <sub>2</sub> O <sub>2</sub> |
| MW           | : 286.71                                                          |

---

## SECTION 4: First aid measures

### Description of first aid measures

#### After inhalation

Supply fresh air; consult doctor in case of complaints.

#### After skin contact

Generally the product does not irritate the skin.

#### After eye contact

Rinse opened eye for several minutes under running water.

#### After swallowing

If symptoms persist consult doctor.

### Most important symptoms and effects, both acute and delayed

No further relevant information available.

### Indication of any immediate medical attention and special treatment needed

No further relevant information available.

---

## SECTION 5: Firefighting measures

### Extinguishing media

#### Suitable extinguishing agents

Use fire fighting measures that suit the environment.

A solid water stream may be inefficient.

#### Special hazards arising from the substance or mixture

No further relevant information available.

#### Advice for firefighters

## Protective equipment

No special measures required.

## NFPA 704

|          |   |                                                                                                                                                                                                                                                                                                                                                             |
|----------|---|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ■ HEALTH | 0 | Poses no health hazard, no precautions necessary and would offer no hazard beyond that of ordinary combustible materials                                                                                                                                                                                                                                    |
| ■ FIRE   | 3 | Liquids and solids (including finely divided suspended solids) that can be ignited under almost all ambient temperature conditions . Liquids having a flash point below 22.8 °C (73 °F) and having a boiling point at or above 37.8 °C (100 °F) or having a flash point between 22.8 and 37.8 °C (73 and 100 °F). (e.g. gasoline, <a href="#">acetone</a> ) |
| ■ REACT  | 0 | Normally stable, even under fire exposure conditions, and is not reactive with water (e.g. helium, <a href="#">N2</a> )                                                                                                                                                                                                                                     |
| □ SPEC.  |   |                                                                                                                                                                                                                                                                                                                                                             |
| □ HAZ.   |   |                                                                                                                                                                                                                                                                                                                                                             |

## SECTION 6: Accidental release measures

### Personal precautions, protective equipment and emergency procedures

Not required.

### Environmental precautions

Do not allow to enter sewers/ surface or ground water.

### Methods and material for containment and cleaning up

Dispose contaminated material as waste according to section 13.

### Protective Action Criteria for Chemicals

#### PAC-1

Substance is not listed.

#### PAC-2

Substance is not listed.

#### PAC-3

Substance is not listed.

### Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

---

## SECTION 7: Handling and storage

### Precautions for safe handling

No special precautions are necessary if used correctly.

Avoid breathing dust/fume/gas/mist/vapours/spray.

Avoid prolonged or repeated exposure.

Keep away from sources of ignition.

Take precautionary measures against static discharge.

### Information about protection against explosions and fires

No special measures required.

### Conditions for safe storage, including any incompatibilities

#### Storage

Store in accordance with information listed on the product insert.

### Requirements to be met by storerooms and receptacles

No special requirements.

### Information about storage in one common storage facility

Not required.

### Further information about storage conditions

None.

### Specific end use(s)

No further relevant information available.

---

## SECTION 8: Exposure controls/personal protection

### Control parameters

### Components with limit values that require monitoring at the workplace

Not required.

### Additional information

The lists that were valid during the creation were used as basis.

### Exposure controls

### **Appropriate engineering controls**

No further data; see section 7.

### **Personal protective equipment**

#### **General protective and hygienic measures**

Keep away from foodstuffs, beverages and feed.

Wash hands before breaks and at the end of work.

#### **Breathing equipment**

Not required.

#### **Protection of hands**

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

#### **Material of gloves**

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

#### **Penetration time of glove material**

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

#### **Eye protection**

Not required.

---

## **SECTION 9: Physical and chemical properties**

### **Information on basic physicochemical properties**

#### **Physical State**

Solid

#### **Color**

According to product specification

#### **Odor**

Characteristic

#### **Structural Formula**

C<sub>15</sub>H<sub>11</sub>ClN<sub>2</sub>O<sub>2</sub>

#### **Molecular Weight**

286.7 g/mol

### **Storage Buffer**

### **Odor Threshold**

Not determined.

### **Formulation**

### **Melting point/Melting range**

Undetermined.

### **Boiling point/Boiling range**

506.5±50.0 °C(Predicted)

### **Flammability**

Product is not flammable.

### **Explosion limits**

Lower: Not determined.

Upper: Not determined.

### **Flash point**

11 °C

### **Decomposition temperature**

Not determined.

### **pH**

Not applicable.

### **Viscosity**

### **Kinematic**

Not applicable.

### **SOLUBILITY**

~0.5 mg/ml in a 1:1 solution of DMF:PBS (pH 7.2); ~1, 10, 15 mg/ml in EtOH, DMSO, DMF, respectively

### **Dynamic**

Not applicable.

### **Solubility in / Miscibility with**

Practically insoluble in water, slightly soluble in ethanol (96 per cent).

### **Water**

Not determined.

**Partition coefficient (n-octanol/water)**

Not determined.

**Vapor Pressure**

Not applicable.

**Density**

1.3052 (rough estimate)

**Relative Density**

1.3052 (rough estimate)

**Vapor Density**

Not applicable.

**Particle characteristics**

Not determined.

**Other information**

**Appearance**

**Form**

neat solid

**Important information on protection of health and environment, and on safety.**

**Ignition temperature**

Not determined.

**Danger of explosion**

Product does not present an explosion hazard.

**Change in condition**

**Evaporation Rate**

Not applicable.

**Water solubility**

20mg/L(22 °C)

---

**SECTION 10: Stability and reactivity**

**Reactivity**

No further relevant information available.

### Chemical stability

### Thermal decomposition / conditions to be avoided

No decomposition if used according to specifications.

### Possibility of hazardous reactions

No dangerous reactions known.

### Conditions to avoid

No further relevant information available.

### Incompatible materials

strong oxidizing agents

### Hazardous decomposition products

carbon oxides, hydrogen chloride, nitrogen oxides

---

## SECTION 11: Toxicological information

### RTECS Number

### Information on toxicological effects

#### Acute toxicity

LD/LC50 values that are relevant for classification:

| Route           | Endpoint | Value               |
|-----------------|----------|---------------------|
| Oral            | LD50     | 1,540 mg/kg (mouse) |
| Oral            | LD50     | >8 g/kg (rat)       |
| Intraperitoneal | LD50     | 1,535 mg/kg (rat)   |
| Subcutaneous    | LD50     | >400 mg/kg (mouse)  |
| Intraperitoneal | LC50     | 767 mg/kg (mouse)   |

#### Primary irritant effect

##### on the skin

No irritant effect.

##### on the eye

No irritating effect.

#### Sensitization

No sensitizing effects known.

## **Additional toxicological information**

### **Interactive effects**

No interactive effects between components are known.

### **Carcinogenic categories**

#### **IARC (International Agency for Research on Cancer)**

2B

#### **NTP (National Toxicology Program)**

Substance is not listed.

#### **OSHA-Ca (Occupational Safety & Health Administration)**

Substance is not listed.

### **Alternative sources for toxicological information**

No non-standard sources for toxicological information where used.

---

## **SECTION 12: Ecological information**

### **Toxicity**

#### **Aquatic toxicity**

No further relevant information available.

#### **Persistence and degradability**

No further relevant information available.

#### **Bioaccumulative potential**

No further relevant information available.

#### **Mobility in soil**

No further relevant information available.

### **Results of PBT and vPvB assessment**

#### **PBT**

Not applicable.

#### **vPvB**

Not applicable.

#### **PBT:**

Not applicable.

**vPvB:**

Not applicable.

**Other adverse effects****Additional ecological information****General notes**

Water hazard class 1 (Self-assessment) slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

---

## SECTION 13: Disposal considerations

**Waste treatment methods****Recommendation**

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

**Uncleaned packagings****Recommendation**

Disposal must be made according to official regulations.

---

## SECTION 14: Transport information

**UN-Number**

DOT, IMDG, IATA not regulated

**UN proper shipping name**

DOT, IMDG, IATA not regulated

**Transport hazard class(es)**

DOT, ADN, IMDG, IATA

Class not regulated

**Packing group**

DOT, IMDG, IATA not regulated

**Environmental hazards**

Not applicable.

**Special precautions for user**

Not applicable.

## Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

MARPOL73/78 and the IBC Code Not applicable.

## UN "Model Regulation"

not regulated

---

## SECTION 15: Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

No further relevant information available.

### Sara

| Section 355 (extremely hazardous substances):               | Substance is not listed. |
| Section 313 (Specific toxic chemical listings):             | Substance is not listed. |
| TSCA (Toxic Substances Control Act):                        | Substance is not listed. |
| Hazardous Air Pollutants:                                   | Substance is not listed. |
| Chemicals known to cause cancer:                            | Substance is listed.     |
| Chemicals known to cause reproductive toxicity for females: | Substance is not listed. |
| Chemicals known to cause reproductive toxicity for males:   | Substance is not listed. |
| Chemicals known to cause developmental toxicity:            | Substance is listed.     |

### Carcinogenic categories

|                                        |                          |
|----------------------------------------|--------------------------|
| EPA (Environmental Protection Agency): | Substance is not listed. |
|----------------------------------------|--------------------------|

### TLV (Threshold Limit Value)

Substance is not listed.

### NIOSH-Ca (National Institute for Occupational Safety and Health)

Substance is not listed.

### Chemical safety assessment

A Chemical Safety Assessment has not been carried out.

---

## SECTION 16: Other information

### Abbreviations and acronyms

IMDG: International Maritime Code for Dangerous Goods

DOT: US Department of Transportation

IATA: International Air Transport Association

EINECS: European Inventory of Existing Commercial Chemical Substances

CAS: Chemical Abstracts Service (division of the American Chemical Society)

NFPA: National Fire Protection Association (USA)

HMS: Hazardous Materials Identification System (USA)

LC50: Lethal concentration, 50 percent

LD50: Lethal dose, 50 percent

PBT: Persistent, Bioaccumulative and Toxic vPvB: very Persistent and very Bioaccumulative

NIOSH: National Institute for Occupational Safety

OSHA: Occupational Safety & Health

TLV: Threshold Limit Value

PEL: Permissible Exposure Limit

REL: Recommended Exposure Limit

Carcinogenicity 2: Carcinogenicity – Category 2

**Disclaimer:**

The information in this MSDS is only applicable to the specified product, unless otherwise specified, it is not applicable to the mixture of this product and other substances. This MSDS only provides information on the safety of the product for those who have received the appropriate professional training for the user of the product. Users of this MSDS must make independent judgments on the applicability of this SDS. The authors of this MSDS will not be held responsible for any harm caused by the use of this MSDS.
