

## Technical Data Sheet

### GHRF MOUSE

---

#### Compound Information

|                    |                                                                               |
|--------------------|-------------------------------------------------------------------------------|
| Product Name:      | GHRF MOUSE                                                                    |
| CAS No.:           | 125199-49-7                                                                   |
| Molecular Formula: | C220H365N69O64S1                                                              |
| Storage:           | Powder -20°C 3 years; 4°C 2 years<br>In solvent -80°C 6 months; -20°C 1 month |
| Revision Date:     | 2026-04-15                                                                    |

#### Analytical Information

| Tests       | Specifications                                                                                |
|-------------|-----------------------------------------------------------------------------------------------|
| Description | GHRF, mouse, a mouse growth hormone-releasing factor, is a peptide containing 44 amino acids. |
| Solubility  | Water                                                                                         |
